

SANDRA BURTON RECEIVES TALA HERO AWARD

The Seasons Assisted Living and Home Health and Hospice Director, Sandra Burton was nominated and chosen as a Texas Assisted Living Association 2023 Hero. Sandra received two amazing nominations to be selected as a “Tala Hero”.

Sandra’s nomination from Chief Nursing Officer, Jyme Kinnard, read as follows, “Sandra has shown exemplary performance since taking on the role of Seasons Assisted Living in Perryton, Texas. Her strong suits include planning and improvising. She often works in roles within her facility that need to be covered, including extended shifts and overnights as well. She excels in collaboration and does not hesitate to initiate meetings or phone calls to get everyone on the same page. She is efficient in all that she does. She remains tactful and somehow manages to keep her employees happy and smiling. Her energy is contagious. She has increased the revenue within the organization by increasing the number of residents and creating a natural home environment. She has been a leader in remodelling the facility, moving residents and equipment, and ensuring the residents feel safe and at home and never displaced. This is in addition to everyday tasks to keep the facility up to code and standards. Let’s not forget COVID. COVID has placed so many strains on assisted living and all of healthcare, and she was not afraid to ask for answers for herself or others, seek out the correct answer, or make things happen at a moment’s notice. Sandra is a strong advocate for her residents and her facility. She believes in it so much; she has moved her mother there and is enjoying it immensely. She is an impeccable display of what our organization and community stand for. I am proud to work alongside Sandra every day.

Interim Chief Executive Officer, Kelly Judice, offered these words for an additional nomination, “Sandra has taken on the role of director of our assisted living center and has done an amazing job with the residents. She has updated policies and procedures, she has been through several no deficiency surveys, and has taken the time to get to know the residents likes and dislikes. She has done a great job marketing for the facilities and worked through many renovations to update the facility. Sandra has done all of this while also being the director of home health and hospice for our facility.”

Sandra will attend the 2023 Conference in Round Rock, Texas where she will receive her award at a Luncheon. Additionally, Burton will attend lectures and courses for the remainder of her time at the conference.

LAB LUNCH & LEARN SURPRISES WITH PHONE SWABS

Tony Black, Laboratory Director

Attendees of the March Lunch & Learn enjoyed a free lunch and lecture from OGH's Director of Laboratory, Tony Black. Tony shared details about all of the new technology coming to OGH and discussed the upcoming renovations that the lab and its patients will enjoy. At the end of the lecture, he surprised everyone with a swab of their cell phones. After the results of the tests came back Tony shared the results to the attendees, let's just say, clean your phone every chance you get!
