## OGH ACHIEVES 4-STAR PATIENT EXPERIENCE RATING

# We are 4 Stars!

We are incredibly proud to share some fantastic news from the past month: Ochiltree General Hospital received a prestigious 4-star rating for patient experience from the National Rural Rating System. This is a tremendous accomplishment for our team and our community, especially given their rigorous scoring methodology.

What makes this recognition so meaningful is that the rating is primarily based on actual surveys completed by our patients. It directly reflects the care experiences shared by those we serve.

Our CEO, Kelly Judice, expressed her enthusiasm about this achievement: "We are pleased to share that Ochiltree General Hospital has received a 4-star rating for patient experience, reflecting a strong overall performance. This rating is based on comprehensive evaluations, including patient satisfaction surveys, quality of care metrics, and service delivery standards."

This 4-star rating is a testament to the dedication and hard work of every single member of our OGH family, from our frontline caregivers to our support staff. Their commitment to providing compassionate, high-quality care shines through in the feedback from our patients. We remain dedicated to continuously improving your experience and upholding the highest standards of care.

We want to sincerely thank everyone who took the time to complete a patient survey. Your input is incredibly valuable and directly contributed to this 4-star recognition! It's so important to us that you fill out these surveys, as every response is carefully reviewed and used to drive our process improvement efforts. We truly listen to your experiences to make OGH even better. Beyond formal surveys, we also deeply appreciate your Google reviews. Sharing your positive experiences there not only helps other community members but also provides a tremendous boost to our team's morale, letting them see the real-world impact of their dedication. Thank you for helping us grow and celebrate!

## JUANITA ORTEGA RETIRES AFTER 35 YEARS

On July 3rd, the Ochiltree General Hospital family bid a heartfelt farewell to a true pillar of our team, our wonderful Housekeeping Manager, who retired after an incredible 35 years of dedicated service! We celebrated her remarkable career and unwavering commitment with a special steak dinner, where she was surrounded and supported by her devoted staff. It was especially meaningful that she personally helped train her replacement, Jenifer Trejo, ensuring a seamless transition. We're confident Jenifer will maintain the same high level of commitment to excellence that our retiring manager exemplified for over three decades. Juanita's impact at OGH will be deeply missed, and we wish her a retirement filled with joy, relaxation, and all the happiness she deserves!

## OGH VOLUNTEERS AT 51ST OIL PATCH GOLF TOURNAMENT

As part of our Corporate Citizenship Policy, Ochiltree General Hospital believes in supporting our community not only through healthcare but also through active participation. This commitment truly shone through at the recent 51st Oil Patch Golf Tournament! Our dedicated OGH team volunteered throughout the event, passing out refreshing water, helping keep the course tidy by picking up trash, and providing a much-needed shady spot for golfers to rest. This positive experience allowed our employees to step outside the clinical setting and connect with the community in a different way, showcasing their individual personalities and interests while reinforcing our commitment to Perryton beyond the hospital walls.

# EMPLOYEE OF THE MONTH

Each month OGH recognizes one outstanding staff member for their dedication to providing quality healthcare in our community. Jamie Morgan was chosen as Employee of the Month for July. Jamie is a member of the Finance Team at OGH.

# KELLY’S CORNER:

We are pleased to announce that Ochiltrie General Hospital has been awarded a grant from the Children’s Miracle Network to support the purchase of a new Giraffe Warmer for our newborn nursery. This advanced equipment will enhance the care we provide to newborns requiring additional support with temperature regulation, respiratory needs, and other medical conditions that may require extended stays in the nursery. We are grateful for this generous funding, which allows us to move forward with this important project to improve outcomes for our smallest patients.
