

## JUDICE THANKS STAFF ON TORNADO RESPONSE

OGH Staff after debriefing meeting (not all staff pictured)

**T**hank you to all of the employees who were able to help during the tornado. We were able to treat approximately 160 patients who were injured during the tornado on June 15, 2023. Once patients started coming in, a text was sent to all employees asking for assistance to help. An overwhelming response of staff came to assist. With every employee, volunteer, and support from surrounding communities, we could treat this many patients effectively. I cannot express how much this means to me to work with such a great team. Perryton is a supportive community with incredible people who would do anything for each other.

**W**e recently updated our vision statement for the district, which was proven that night. Our vision is to be the leading healthcare provider in the region by continuously improving the quality of care and patient experience while upholding the values of integrity, teamwork, and knowledge sharing to provide our patients with the best possible care throughout the District. Numerous people and companies who have assisted the District have also commented on the staff's exceptional job during this time.

**R**ural Healthcare is essential for the growth of the Hospital District. The Dean Allen Willis Foundation has assisted our staff in the commitment to higher education and training for emergency trauma situations. The staff's education and training were proven to be effective. We are committed to providing the best healthcare to all community members and meeting the needs of our community. Thank you to all the staff for your hard work and dedication.

--Interim CEO Kelly Judice

# MEET LOGAN HARMON, SPEECH PATHOLOGIST

Ochiltree County Hospital District is excited to introduce a new member to our Physical Therapy team, Logan Harmon, MS CCC-SLP.

Logan's arrival will offer a variety of speech therapy options for patients in Ochiltree County and surrounding counties.

Logan received her Bachelor's of Science degree in Communication Disorders from West Texas A&M University in 2017. She received several honors and was very active while at WTAMU including Communication Disorders Outstanding Junior Student Award, President of the National Student Speech-Language Hearing Association (NSSLHA), National Society of Leadership and Success, and Phi Theta Kappa Honor Society. Logan was also the recipient of several scholarships.

In 2019, she graduated from Texas Tech University Health Sciences Center with her Master of Science in Speech-Language Pathology. She earned several awards and honors including, Commendation on comprehensive exams and the Lubbock Monterey AMBUCS Chapter Scholarship. Logan was a member of the National Student Speech-Language Hearing Association (NSSLHA).

Logan's professional experience as a Speech-Language Pathologist began in Amarillo, Texas at the Legacy Rehabilitation and Living Center and Care Option for Kids. From administering standard speech and language assessments, bedside swallow evaluations to cognitive screenings to determine patients' eligibility for therapeutic services and improve quality of life, safety, and participation within activities of daily living. She then moved on to Therapy2000/Green Apple Therapy in Amarillo, where she gained experience in comprehensive speech and language evaluations to devise treatment plans addressing pre-linguistic skills, functional communication, and improved participation in the home environment. Logan performed swallow studies/evaluations, training to patients and family members in use of compensatory strategies to increase safety with PO intake, and much more while at BSA Health System, Rebound Rehab, and Northwest Texas Hospital System.

Logan said recently, "I am very excited and honored to be providing speech therapy services at OGH and the surrounding communities. I look forward to providing a valuable service to this area. I'm thankful for this opportunity that has been provided to me by OGH and plan to serve the community with quality patient care."

If you or a loved one are interested in the services provided by Logan, there are several ways to reach out, call the physical therapy department at (806) 648-7146 and ask to speak to Logan Harmon for any speech therapy related questions. To begin services, a patient will need to have a doctor's order faxed to (806) 435-5472. Once our staff receives that, Logan will call to schedule the initial evaluation.

Adding this new team member and service to the OGH Therapy Team will provide a great asset to OGH. Logan will host a Lunch and Learn on July 20th from 12:00PM- 1:00PM where she will highlight the services she will offer to Perryton and surrounding communities. If you would like to learn more and join Logan for the lunch & learn, please contact Amie Marrufo by email at [amarrufo@oghtx.com](mailto:amarrufo@oghtx.com).
