

The Heart of a Healthy Community

EMPLOYEE OF THE YEAR ANNOUNCED

Ochiltree General Hospital is incredibly proud to announce that Casey McGarraugh, PA-C, has been named our Employee of the Year for 2025. This prestigious honor is a direct reflection of the respect and admiration Casey has earned from his colleagues throughout the organization. The selection process at OGH is uniquely personal; each month, a dedicated committee of peers selects an Employee of the Month based on their exceptional service and dedication. At the conclusion of the year, the staff reviews all twelve monthly honorees and casts their final votes to determine who best represents the spirit of OGH as the Employee of the Year.

Upon receiving the award, Casey shared a moving message of gratitude with his fellow staff members. He expressed that he will forever consider this recognition one of his life's greatest honors and noted that his colleagues are a significant blessing in his life. "I'm extremely thankful that I get to call you all my work family," Casey shared. Looking toward the future, he emphasized his commitment to the hospital's mission, stating that he looks forward to working alongside his teammates to improve the health and well-being of their "small, but mighty" rural community for many years to come.

HOME HEALTH CARE AWARD

OGH Home Health Department has been honored with an award for demonstrating excellence in delivering exceptional care and fostering positive patient experiences. Recognized as a high-performing agency, this significant achievement reflects the department's outstanding performance as measured by the Home Health Consumer Assessment of Healthcare Providers and Systems (HHCAHPS) satisfaction scores. This recognition underscores the team's unwavering commitment to clinical quality and patient-centered service, ensuring that our patients receive the highest standard of care within the comfort of their own homes.

This award is a phenomenal testament to the dedication and compassion our Home Health team brings to our community each day," said CEO Kelly Judice. "Under the outstanding leadership of Sandra Burton, the department has established a benchmark for high-quality, patient-centered care. I am incredibly proud of Sandra and her entire team for achieving these exceptional satisfaction scores, which reflect the trust, confidence, and appreciation of the patients we serve throughout Ochiltree Hospital District."

Congratulations to the Home Health Care Team on this accomplishment.

PANHANDLE GIVES 2025 A SUCCESS

The OGH Healthcare Foundation is overwhelmed with gratitude as we announce the final results of our participation in this year's regional giving event, held in partnership with the Amarillo Area Foundation. Thanks to the extraordinary generosity of our community, we raised a remarkable \$134,656 in direct donations. Because of this high level of local participation, we also qualified for an amplification amount of \$12,347.02 from the regional pool. After processing fees, we are thrilled to share that our total net proceeds for the campaign reached an incredible \$146,921.17.

We want to extend a sincere thank you to every donor—big and small—for your unwavering commitment to the health of our community and the surrounding areas. Your contribution represents a shared belief in the mission of Ochiltree General Hospital. These funds bring us significantly closer to our ultimate fundraising goal for the ER Wing Expansion project. This expansion is vital for the future of our region, and it is your support that is turning the vision of a state-of-the-art emergency department into a reality.

On behalf of the OGH Healthcare Foundation, thank you for standing with us. Your investment ensures that we can continue to provide exceptional, life-saving care right here at home for generations to come. We are honored to serve such a supportive and dedicated community.

CHRISTMAS CARD 2025

Ochiltree General Hospital will host a support meeting for parents and caregivers of children on the autism spectrum. This meeting will serve as a resource-sharing platform and a focused environment for discussing the practical aspects of navigating autism within our community.
