## Maternal Designation

Ochiltree General Hospital has officially been re-designated as a Level I Maternal Facility by the Texas Department of State Health Services. This achievement, valid through May 2029, recognizes our team's dedication to providing high-quality, professional birthing services right here in Perryton. We are incredibly proud of Chief Nursing Officer Kevelin Cervantes and her maternal care team for meeting these high state standards. It is an honor to continue serving as a vital and safe resource for expectant mothers in our community.

## Seasons Valentine King & Queen

Love was definitely in the air at our Valentine event on February 13<sup>th</sup> at the Seasons Assisted Living! Residents Leon Bell and Jeanette Thomas were officially crowned as this year's Valentine Day King and Queen. Our staff at the Seasons worked very hard to make this and other events special for our Residents. Perryton ISD students, friends and family made this day even more special for attending our Valentines Day event.

## Radiology Accreditation

Pictured: Mammo Techs: Esmeralda Mendoza and Alex Hernandez

OGH Radiology has earned a prestigious three-year accreditation in mammography from the American College of Radiology. This "gold seal" recognizes our commitment to the highest level of image quality and patient safety for early breast cancer detection.

## Lunch & Learn for March: Colorectal Cancer

Join General Surgeon Dr. Jay Blasingame at the Senior Citizen Center on March 19th for a Lunch and Learn focused on "Colorectal Cancer". Assisted by our Surgery Team this session highlights how important screenings are for prevention with more information about procedures at OGH.

# OGH PULSE

## Employee Recognition

### Employee of the Month

**Jessica Russell, RN**  
Nursing

We are proud to celebrate Jessica as our Employee of the Month for her incredible work during a recent shift. When two OB patients went into delivery just four minutes apart, Jessica—who had already finished a long day of work—didn't hesitate to stay ninety minutes past her shift to assist the provider. She successfully delivered one of the babies while the provider was occupied with a more complex delivery in the next room, demonstrating dedication that went far above and beyond typical expectations. While the entire team was excellent, Jessica's selfless effort and expert care during this high-pressure situation truly earned her recognition as Employee of the Month.

### OGH Birthdays

- |                                |                          |

### From the Staff

I feel truly grateful to work alongside a team so committed to excellence and compassionate care. I am incredibly proud of our deficiency-free maternal survey and Gold Seal Radiology Accreditation and look forward to the many successes still ahead for our hospital.
