GIVING BACK FROM THE HEART: OGH EMPLOYEES DONATE OVER \$13,000 TO LOCAL CAUSES IN 2026

At Ochiltree County Hospital District caring for our community extends far beyond the services we provide throughout our facilities. Every day, our staff shows up to support patients and families and their dedication to our community doesn't stop when their shifts end.

Thanks to an ongoing, staff-driven initiative, employees have raised and donated over \$13,000 so far this year to local organizations, individuals in need, and hospital activities.

How the "Casual Dress" Initiative Works

The program, with approval from our Administration, is entirely powered by our staff. Each month, participating employees contribute \$25.00, which gives them the fun perk of wear jeans, OGH T-Shirts, or team spirit shirts to work. (story continues on page 2)

January:
Employee for House Fire
Relief

February:
Jireh Outreach Food
Bank

March:
Preferred Beef
Employees in Booker

April:
OGH Healthcare
Foundation

May:
OGH Auxilliary "Pink
Ladies"

How the "Casual Dress" Initiative Works (Continued)

The funds are collected and managed by our Employee of the Month (EOM) committee, which distributes the money to support a wide variety of causes- ranging from local charities, team members facing hardships, to special events for the community. It is important to note that every dollar donated comes directly from the employees, entirely separate from the hospital operating budget.

Giving Back to a Community We Love

District employees feel blessed to live, work, and raise our families in Ochiltree County and the surrounding communities. Because we are a tax-funded public hospital district, there are budgetary and limitations on how many local activities, events, and external sponsorships the hospital itself can directly contribute to. Community support, however, isn't only measured in dollars. Our commitment to our community is shown in our Corporate Citizenship program, allowing staff members to volunteer at OGH organized events with local organizations, community projects, or in their churches.

Whether it's giving financial support through our EOM or volunteering at local events, our staff is invested in the well-being of our local community.

Thank You, OGH Team!

To every single employee who participates in our monthly Jean Days, volunteers their personal time, serves on the committee, or contributes to these causes: Thank you. Your generosity, compassion, and community spirit make OGH—and the entire town of Perryton—the Heart of a Healthy Community.

For more information:

Please note that this special fundraising format isn't an every-month permanent occurrence; however, our administration has been kind enough to let us run this initiative throughout this year to give back. For more information about OGH volunteering or our efforts to support our community please contact our Community Education Director, Amie Marrufo by phone 806-648-7402 or by email amarrufo@oghtx.com.
